Asbarez (29 October 2024)

The Speaker of the Parliament of Azerbaijan, Sahiba Gafarova, accused the European Parliament of trying to use the upcoming United Nations Climate Summit, the COP29, which will be held in Baku next month, as a tool for political pressure on Azerbaijan.

Climate change is a global problem, the solution to which requires unity, but this issue is used to promote an agenda directed against Azerbaijan, Gafarova said on Tuesday during an address to parliament.

Gafarova also accused the European Parliament of having become a tool in the hands of forces leading a hostile and slanderous campaign against Azerbaijan.
