Kosova Press (13 November 2024)

Kosovo since the war is the target of Russian influences, and that this country invests in various campaigns to show Kosovo as a failed state. Even with this approach, Russia is trying to show that the West has also failed in Kosovo.

This was said at the conference with the theme "The impact of foreign actors on national security" organized by the Kosovo Center for Security Studies (KKSS), in cooperation with the office Konrad Adenauer Stiftung (KAS).
