
PRESIDENT TOKAYEV MEETS WITH WORLD-LEADING AI EXPERT

-

10.01.2025

The Astana Times (10 January 2025)

President Kassym-Jomart Tokayev received Kai-Fu Lee, a renowned global entrepreneur and artificial intelligence (AI) expert, on Jan. 10, reported Akorda.

The President highlighted the strategic importance of adopting advanced technologies and noted that exchanging experience with leading global experts supports Kazakhstans ambitious digital transformation goals.

The parties discussed integrating AI into various sectors of society, including education, healthcare, and energy.
