France has completed production of 10 out of 26 contracted Bastion armored personnel carriers, with delivery to Armenia expected soon, according to Baku-based Caliber.Az.

At the same time, the French defense manufacturer KNDS has already supplied Armenia with 12 CAESAR 155mm self-propelled artillery systems, with an additional 24 units scheduled for delivery by the end of the year.

In November 2023, the French government initiated arms deliveries to Armenia, activating the terms of cooperation contracts.
