The Armenian Foreign Ministry has published the transcript of FM Ararat Mirzoyans interview with Correio Braziliense, one of the leading daily newspapers published in Brasília, the capital of Brazil, which was conducted during his official visit to the South American country.

FM Mirzoyan spoke about the peace process with Azerbaijan, the normalization process with Türkiye, the Armenia-Brazil ties, as well as relations with the Trump administration, among other matters.

He said that among the tangible measures achieved with Türkiye, the two countries have started border infrastructure work. Armenian and Turkish experts have begun examining the situation of the railway linking Gyumri to Kars, FM Mirzoyan said.
