EU BORDER AGENCY INVESTIGATES GREECE OVER ALLEGED MIGRANT RIGHTS VIOLATIONS

-

09.04.2025

Euronews (8 April 2025)

By Gavin Blackburn with AP

Greece has come under increased international scrutiny and criticism from human rights groups following a migrant boat sinking in 2023 off its southern coast that killed hundreds.

The European Union's border protection agency has said it is investigating multiple alleged human rights violations by Greece in the way it deals with illegal immigration.

Frontex said it is looking into 12 alleged serious incidents that mostly occurred in 2024 but gave no further details.
