KAZAKHSTAN, EU MOVE CLOSER TO SIGNING VISA FACILITATION AGREEMENT

- 10.04.2025

The Astana Times (9 April 2025)

Dana Omirgazy

The European Union (EU) member states have approved the mandate for the European Commission to negotiate an agreement on the facilitation of visa requirements with Kazakhstan.

The discussions will focus on a range of measures to ease visa procedures between the two parties. These include reducing processing times for visa applications, streamlining the list of required documents, lowering visa fees, expanding the opportunities for obtaining multiple-entry visas with extended validity periods and introducing preferential categories for applicants.
