The official visit of the Crown Prince of Abu Dhabi Sheikh Khaled bin Mohamed bin Zayed Al Nahyan to Kazakhstan on May 11-12 is seen as a significant step in strengthening the strategic partnership between Astana and Abu Dhabi, founded on trust, mutual respect, and shared interests, reported Kazinform.

The visits agenda includes high-level talks with President Kassym-Jomart Tokayev, focusing on key areas such as trade and economic cooperation, investments, energy, and green technologies.

One of the highlights of the visit will be the signing of an agreement between the Kazakh government and Masdar to construct a one gigawatt wind power plant. This will be the largest joint renewable energy project in the region.
