Representatives of the Iraqi Parliament confirmed on Saturday Iraqs support for Palestine and Iran in the face of Zionist aggression and refusal to violate its atmosphere to attack any Arab or Muslim country.

"A delegation from the Arab Parliament visited the Rafah crossing, and inspected the humanitarian situation there and found it very tragic after it was completely closed more than 4 months ago, and that there is a complete siege on our people in Palestine," said the Vice-President of the Arab Parliament, Ahmed Al-Jubouri, to the Iraqi News Agency - INA.

He said that "some hospitals, such as the UAE field hospital and Al-Arish Hospital, were visited."
