ArmenPress (20 October 2025)

The Anti-Corruption Committee confirmed on Monday that Gyumri Mayor Vardan Ghukasyan and other city officials have been arrested on corruption-related charges.

In a statement following the arrest at Gyumri City Hall, the law enforcement agency said it had gathered evidence during an investigation into alleged graft indicating that Ghukasyan and the city's chief architect were engaged in bribery.

A total of eight individuals, including the mayor, have been arrested and are facing charges.
