09.12.2025

Kazinform News Agency (9 December 2025)

Arailym Temirgaliyeva

The Cabinet of Ministers of Kyrgyzstan has approved the Development Program for the Critical Minerals Sector until 2030, Kabar reports.

The corresponding Resolution No. 783 was signed by Cabinet Chairman Adylbek Kasymaliev.

The document aims to ensure sustainable and diversified economic growth, increase the investment attractiveness of the mining industry, develop modern value chains, and strengthen the country's resource security.
