Armenia has requested the EU's assistance in combating malign influence ahead of the 2026 general elections, EU High Representative for Foreign Affairs and Security Policy, Kaja Kallas, has stated.

Armenia has elections coming, and what can we do to help them? They have asked similar help to fight the malign influence, like we granted to Moldova, Kallas said ahead of the EU Foreign Affairs Council meeting.

Cooperation between Armenia and the European Union in various areas, including countering hybrid threats, is ongoing and hasn't started recently, Foreign Ministry Spokesperson Ani Badalyan said, commenting on a statement by EU High Representative for Foreign Affairs and Security Policy Kaja Kallas.

Badalyan emphasized that Armenia's cooperation aimed at strengthening Armenia's resilience, including in countering hybrid threats, has been developing for some time. In parallel with the deepening of the partnership, various initiatives to enhance Armenia's democratic and economic resilience are being discussed, developed and approved.
