Armenian Prime Minister Nikol Pashinyan said Armenia is ready to guarantee smooth connections between Azerbaijan's main territory and its Nakhchivan exclave.

On Facebook, Pashinyan called the joint statement on the International Peace and Prosperity Route (TRIPP) by U.S. President Trump a step toward restoring peace in the region, News.Az reports, citing local media.

He added that Armenia will set up the TRIPP company, plan routes, and handle land use and construction, with preparatory work starting immediately.
