
JAPAN PM TAKAICHI DISSOLVES PARLIAMENT, PAVING WAY FOR SNAP ELECTION

-

23.01.2026

Al Jazeera (23 January 2026)

Japanese Prime Minister Sanae Takaichi has dissolved parliament in advance of a snap election scheduled for February 8.

The speaker of Japans parliament on Friday read out a letter, officially dissolving the lower house as lawmakers shouted the traditional rallying cry of banzai.

The dissolution of the 465-member lower house now paves the way for a 12-day election campaign, which officially begins on Tuesday.
