News.az (9 March 2026)

On March 9, 2026, Russia sent 488 tons of grain to Armenia, transported through Azerbaijani territory in seven railcars.

To date, over 21,000 tons of Russian grain have been delivered to Armenia via Azerbaijan, using a total of 302 railcars, News.Az reports, citing AZERTAC.

Alongside the grain, 610 tons of fertilisers were transported on the same route, carried in nine railcars.
