
'SPILLOVER': IRAN ENERGY SHOCKWAVES HIT EUROPE

10.03.2026

Politico (9 March 2026)

Charlie COOPER, Giorgio LEALI, Ben MUNSTER and Victor GOURY-LAFFONT

Leaders still haunted by the ghosts of the 2022 energy crisis are bracing for another economic shock.

Its all starting to feel very 2022.

That year lives in infamy for Europes leaders, who remember its security implications after Russias full-scale invasion of Ukraine but also □ just as painfully □□□□□□□□□□□□□□□□ and price shock that followed.
