Uzbekistan has completed the internal procedures required for the entry into force of the Agreement between the Government of the Republic of Uzbekistan and the Government of the Republic of Kazakhstan on Joint Management and Rational Use of Transboundary Water Bodies, UzA reported.

This step marks a new stage of practical cooperation between the two countries in the effective and sustainable management of water resources.

The agreement was signed on November 15, 2025, to strengthen the strategic partnership between Uzbekistan and Kazakhstan. The goal of the document is to develop systematic cooperation in the management of transboundary water bodies, improve the mechanisms of interaction between relevant agencies, and enhance the efficiency of water resources use to ensure sustainable socio-economic development of the two states.
