
ARMENIAN PRIME MINISTER REJECTS 'HISTORICAL JUSTICE' AGENDA

27.03.2026

Azatutyun Radiokayan (26 Mart 2026)

Shoghik Galstian

Prime Minister Nikol Pashinian said on Thursday that, as head of the Armenian government, he refused to pursue what he described as an agenda of restoring historical justice, arguing instead for a focus on building a just reality.

I believe we should pursue a just reality, not the restoration of historical justice, Pashinian told a press briefing. The more we pursue historical justice, the more we will face new historical injustices.

His remarks come ahead of parliamentary elections scheduled for June 7.
