
PUTIN'S SHADOW FLEET FACES FRESH EU SANCTIONS BLITZ

-

11.05.2026

Politico (10 May 2026)

Nicholas VINOCCUR

Banks, military companies and firms selling stolen Ukrainian grain also face penalties as bloc sees opportunity to turn screws on Russia.

Moscows shadow fleet is back in the EUs crosshairs.

Brussels sees the opportunity to prepare another round of sanctions against Russia, and the loose network of aging, opaquely owned tankers used to move Russian oil around the world is likely to be a key target, European diplomats and officials told POLITICO.
