President of Tajikistan Emomali Rahmon will pay a state visit to China on May 11-14 at the invitation of President of the Peoples Republic of China Xi Jinping.

The visit comes amid a notable expansion of Tajik-Chinese cooperation, ranging from trade and industry to logistics, scientific exchange, and infrastructure security. In recent years, China has firmly established itself as one of Tajikistans key economic partners, while the bilateral agenda has expanded significantly beyond traditional investment cooperation.

Trade turnover between Tajikistan and China reached \$790.2 million from January through March 2026, increasing by 152.7% compared to the same period last year. Tajik exports to China amounted to \$204.9 million, while imports stood at \$585.3 million. China accounted for 39.9% of Tajikistans total exports and 27.1% of its imports.
