
NORTH KOREA UNVEILS NEW DESTROYER, SIGNALS EXPANSION OF NUCLEAR-BACKED NAVAL POWER

-

24.06.2026

Anadolu Agency (24 June 2026)

North Korea has commissioned a new multi-purpose destroyer and declared that the nuclear arming of its navy is going according to plan, state-run media reported on Wednesday.

A commissioning ceremony for the destroyer Choe Hyon was held at Nampo Port on Tuesday, the Korean Central News Agency reported.

The warship completed more than a year of operational testing before officially joining the Korean People's Army Navy.
