Beijing urged Washington on Wednesday to respect China's core interests as well as uphold the one-China principle as Chinese President Xi Jinping prepares to visit the US, Chinese state media reported.

The reiteration of Beijings concerns was raised by Foreign Minister Wang Yi during a face-to-face meeting with US Secretary of State Marco Rubio in the Philippines.

They met on the sidelines of an Association of Southeast Asian Nations (ASEAN) foreign ministers' meeting in Manila. The Philippines is the current chair of the 11-member bloc.
