
**RUSSIA-INDONESIA MILITARY-TECHNICAL COOPERATION CONFIRMS MOSCOW'S
STRATEGY IN THE ASIA-PACIFIC**

-

19.08.2026

Special Eurasia (19 August 2026)

This report assesses the strategic and economic implications of deepening military-technical co-operation between the Russian Federation and the Republic of Indonesia.

Recent bilateral naval exercises, expanding commercial trade, and official diplomatic engagements highlight Moscow's sustained focus on expanding its strategic posture in South-East Asia.

Strategic risk centres on regional political friction with Western allies, secondary sanctions exposure, and potential disruptions to maritime security corridors.
