Anadolu Agency (22 October 2026)

Ahmad Adil

India and Poland on Thursday agreed to boost defense, space, and nuclear energy ties as their prime ministers held talks in New Delhi.

Prime Minister Narendra Modi hosted his Polish counterpart Donald Tusk for talks on Thursday, India's Minister of External Affairs spokesman Randhir Jaiswal wrote on US social media company X.

Modi during his press remarks said the partnership between the two nations has gained new momentum over the past two years.
