A signing ceremony for a document on the establishment of a joint venture as part of the Green Energy Corridor: Azerbaijan – Central Asia project took place in Baku, Kazinform News Agency correspondent reports.

The joint venture Yaşıl Dəhliz Birliyi (Green Corridor Union) LLC was set up to implement the strategic project Green Energy Corridor: Azerbaijan – Central Asia, which aims at building infrastructure for clean energy transfer and greater regional energy cooperation.

Azerbaijans Deputy Energy Minister Elnur Soltanov highlighted the importance of the strategic partnership agreement signed between the governments of Azerbaijan, Kazakhstan and Uzbekistan before the 29th Conference of the Parties to the United Nations Framework Convention on Climate Change (UNFCCC).
